

# The Beiseker Times

Vol. 4, No. 48

EDMONTON, ALBERTA, FRIDAY NOV. 28 1952

MISS GLORIA DAWN, skating Star of Canadian Ice Fantasy of '53.

## Canadian Ice Fantasy Of '53 - Opens in Killam, December 9th

Canadian ice fantasy of '53, featuring an all-Canadian cast of 36, produced and directed by Roy Lisogar of the Winter Skating Club of Edmonton will make its debut on Dec. 9 when it opens in Killam, Alberta. The show, originating in Edmonton, will star Toronto born Gloria Dawn and will tour the four western provinces during the 1952-53 season.

Miss Dawn who recently completed a tour of the United States and South America is presently completing a television contract in California after which she will join the Ice Fantasy in Edmonton for rehearsals which commence in the Edmonton Gardens behind closed doors this week.

Among the 36 stars will be such outstanding talent as Yvonne Page, Winnipeg; Bonnie Carlisle, Weyburn, Sask.; Frances Shirley, Windsor, Ont.; Rilla Nixon, Fillmore, Sask.; Iris Peebles, Vancouver; Joyce McFarlane, Victoria; Marie Sigurdson, Kenora, Ont.; Olive Stephens, Flin Flon, Man.; Marlen Brewer, Saskatoon; Fern Holder, Saskatoon; Daphne Preston, Gerald West, Roy Stonston, all of Calgary; Shirley Petrie, Eileen MacKay, Irene Doucet, Betty Fiddler, Ellen Prince, Josephine Tonsil and Chester Armstrong all of Edmonton. Roy Krieger of Kenora, Ont., who toured with the Barbara Ann Scott show will be an outstanding performer.

Headlining the comedy will be Bobby Hill, clown prince of the Show World from Missoula, Montana. The Flying Wendts of Ringling, Barnum and Bailey Circus and who appeared in "The Greatest Show on Earth" will offer thrills and chills galore with their daring acts. This feature is a new innovation into ice shows.

The entire cast will be transported by a show-owned late model bus, plus a truck for moving props, etc., and as a precaution against bad roads and snow storms the company will have its own snowplough in tow. They will carry their own dressing rooms as many arenas are without this necessity to a travelling

show. They will have their own elaborate scenery, a portable 65'x14' high stage, designed by William McGonigal, prominent English playwright.

The show will feature five production numbers and 20 acts, the costumes for which are being designed by Chicago-Edmonton costumiers.

A great deal of work and thought have gone into the lighting for these shows. Colored

## Fish And Game Ass. Selects New Slate Of Officers

CROSSFIELD—The members of the Crossfield and District Fish and Game Association met in the Community hall on Friday the 14th at 8:30 p.m. for their annual meeting. A fair attendance supported the organization. Mr. Dewey Casey, president officiated at the meeting with Mr. A. B. Campbell recording the minutes.

The election of officers resulted as follows: President, Phil Holman; vice-president, Alfred Stevens; secretary-treasurer, A. B. Campbell; big game committee, H. Fenwick and W. Heywood; upland game committee, L. V. Bliss Jr. and R. Poffenroth; fish committee, E. Sharp and B. Lilley; predators, W. Murdoch; migratory birds, Blake Stillings and Arnold Michel; turkey shoot committee, M. Charney, W. Wilson and Bill Hale; entertainment, F. Murdoch and J. Van Maarion; membership, A. D. Stevens and Bill Walker.

The turkey shoot is being organized and will no doubt take place in the early part of December.

## Capacity Crowd At Beiseker Bazaar

BEISEKER—The annual fall supper, bazaar and tombola sponsored by the Catholic Women's League, held on Wednesday, November 19 was attended by a capacity crowd. Weather being in their favor, large numbers travelled a few miles to eat. A program followed supper with piano selections by Miss Rose Marie Wald and Shirley Tricker and readings by Miss Sherry Moore and her troop of dancers from Calgary. A wonderful display of baton swinging by Miss Moore herself. Little Theresa Schmalz was very petite in her little dance.

Then came the time for the big draw of many valuable prizes. These were won by the following:

Jewellery case, Fred Campbell, Beiseker; electric iron, Ed Rowness, Calgary; silk comforter, Mrs. A. Schwanzenberger, Beiseker; giant Panda, Mr. R. Larrivee, Edmonton; chenille spread, Mr. Lodge, Winnipeg; mix-master, Tom McKenna, Calgary; refrigerator, James Hagel, Beiseker. Dolls were won by Bill Schwengler, Theresa Schmalz and Joan Zacker. Pin cushion by Mrs. J. D. Lee, all of Beiseker. Rev. Fr. Tennant and Mrs. A. A. Wald, the president of the League wish to thank everyone for their co-operation in helping to make this annual affair a success.

## Farmers' Executive Plans Meet

EDMONTON—Henry G. Young, president of the Farmers' Union of Alberta, said final plans for the organization's annual convention on here December 8-12 were discussed Friday of last week at a meeting of the executive.

Mrs. Chas. Wegreber of Red Deer, formerly of Beiseker, was a visitor here for a few days.

## BEISEKER NEWS BRIEFS

At the last meeting of the Home and School Association held recently, it was suggested that various organizations in Beiseker be approached in regards to raising funds for a school library.

Constable Dubbin of the Calgary detachment R.C.M.P., showed two wonderful films.

Miss Louise Schmalz was the winner of the \$25 award given by the H. and S. for grade 12.

A number of men from Beiseker took in the turkey shoot in Irricana and Acme and brought home some fine turkeys and hams.

Tony Wald has been very busy unloading fertilizer in Keoma, Irricana, Carbon and Beiseker.

Rev. Fr. Tennant took part in the Consecration ceremonies at St. Mary's Cathedral in Calgary.

Bill Ternes was pleasantly surprised by a number of friends last Sunday evening. The occasion being his birthday.

Mr. and Mrs. Matt Schmalz spent two days in Calgary attending a convention. While there Mrs. Matt Schmalz was very lucky in being able to secure seating in St. Mary's Cathedral to attend the Consecration of the new bishop which took place on Thursday morning.

Mr. and Mrs. F. A. Lount entertained the following visitors during the past week: Mr. and Mrs. Leonard of Irricana; Mr. and Mrs. McDonald, Mr. and Mrs. Slater, and

Miss Alice Slater, all of Calgary.

Mr. and Mrs. Wendel Schmalz have returned from their honeymoon trip to the U.S.

Mr. and Mrs. Pius Schmalz visited in Beiseker for a couple of days on their way to Shelby, Mon. Pius is on a two-month vacation.

Mr. and Mrs. Ronnie Selzer were visitors last weekend at the home of Mr. and Mrs. Pete Schmalz.

We are pleased to hear that Raymond Schmalz is progressing favorably following an emergency appendectomy.

Raymond Schwanzenberger was a visitor at his home for the weekend.

## FAT BOY DIET

### Your Mental Outlook Is Important

By ELMER WHEELER

You'd be surprised how important your mental attitude is in this reducing business. I'm losing weight day by day, but I'm sure I wouldn't be doing it if I didn't have confidence in my ability to reduce.

YOU SEE, there's a scientific saying: Where there's a will there's a way. Many doctors say, "If he'd only decide to live I could help him."

Some hospitals today won't operate if you say, "I don't think I'll come through."

It's mind over matter. That psychosomatic stuff we hear so much about today.

I better call a halt on this kind of talk, though. My wife thinks I'm nuts.

NOW I'M no doc or diet expert. I'm just an avid reader, a fat boy who came to his senses just in time to see a good doctor and to read a lot of books on how to keep trim.

I learned such valuable things as "two glasses of water weigh a pound."

It is knowledge such as this that helped me to reduce.

I LEARNED that salt holds within the body 70 times its own weight in water. A spoonful of salt holds a pint of water—and that pint, as the expression goes, "weighs a pound the world around."

No wonder that, after dousing celery, butter and all my vegetables with salt and more salt, I became waterlogged. Instead of passing through me and washing me out, water was prolonging the visit like a mother-in-law.

So I stopped this "mother-in-law of the diet," with its long-drawn-out visits. I put a halt to salt.

I found that the cook did enough salting on an average to take care of my salt requirements.

I wasn't a miner. I didn't work in a steel mill. Things might have been different then.

I often broke up my crisp bacon into my boiled eggs. That salted the eggs all I needed.

I also used lots of pepper. This gave more flavor to foods needing salt, so that I could cheat on my salt.

(To Be Continued)

## Irricana Lions Fete Calf Club

IRRICANA—Awards for the best calves and for showmanship were given to members of the Irricana Junior Beef Club at a banquet attended by club members and their parents as guests of the Irricana Lions Club, their sponsors.

Everyone was highly pleased with this first year of work of the Junior Beef Club as one of their calves won the "reserve championship" at the annual fall show and sale in Calgary in competition with the Balzac and Aldrie Junior Beef Clubs. The reserve champion calf was shown by Charlotte Wright, who was awarded a small permanent trophy and given a perpetual plaque for one year, both donated by A. B. Hay. Awards for other places, donated by Ralph Wright and A. O. Kirkwood, went as follows: 2nd, Michael McCarthy; 3rd, Margaret Lester; 4th, Inga Lil Gilbert; 5th, Murray Ingalls; 6th, Douglas Peterson.

Michael McCarthy was the winner of the club championship for showmanship. Irricana Auto Service awarded him a small permanent trophy and gave him the first leg on the large perpetual trophy. He also received a "showman's kit" from the T. Eaton Co. B. C. Henricks awarded prizes to Charlotte Wright for 2nd place and Inga Lil Gilbert for 3rd place in showmanship.

Present as special guests at the banquet were: George Black, Supervisor of Youth Activities of the Provincial Department of Agriculture; N. F. Bell, district agriculturist from Calgary; Kenneth Walker, district agriculturist from Strathmore; and E. M. Cristfield, also of the Department of Agriculture, who showed colored slides of the fall calf club show and sale.

## EDITORIALS

### A Sensible Change In School Division Meetings

During the first week in December Annual Meetings of School Divisions will be held throughout the Province. In previous years a separate meeting has been called for each sub-division. This year, for the first time, sub-divisions are being grouped in geographic sections and as many as six sub-divisions will hold their meetings in the same hall at the same time.

For instance, in Holden one annual meeting will be called for all six sub-divisions in the School Division. The Sturgeon School Division has reduced the number of meetings from six last year to two this year.

In the days of the little red school house, travel facilities were limited and so was the accommodation for meetings. Today, citizens interested in the important business of their children's education, can drive in a matter of minutes from one end of the School Division to another. When they get to the meeting place they can convene their general assembly meetings and individual sub-division nominations in auditoriums and separate rooms of the same modern school building.

We congratulate the new Minister of Education, A. A. Aalborg, on putting into effect this new system of calling School Division meetings. It will go a long way towards helping all ratepayers get a better understanding of the problems, needs and accomplishments of their schools.

A further suggestion we'd like to make: Why not arrange for a ladies' church or institute group to serve tea and cake during or at the conclusion of the meetings? There is no reason why a spirit of friendly social conviviality shouldn't be fostered once a year in the interests of good relations between the school authorities and the parents of the children.

### A Month For Meteors

This is the month for the shooting stars, which in ancient times, were thought to represent all sorts of signs and indications. Science has determined that these streaks of light in the sky are the result of solid particles of matter from outer space. These particles travel through space at tremendous speeds but do not "light up" because of the lack of air resistance encountered in these space voids.

However, when these particles crash into our atmosphere, the rim of gas which surrounds the earth—a high degree of friction is generated and the matter is heated to extreme temperatures. The meteors actually burn the air they encounter and thus the red-hot matter accounts for the fiery streaks seen in the sky.

In case you are interested, the two principal meteor showers this month were the Taurid meteors and Leonid meteors, which reached their maximum numbers early in the month. The names are derived from the fact that they seem to diverge from the constellations of Taurus the Bull and Leo the Lion.

In addition to these meteors, there are many others during the month which can be observed in any section of the country every clear night.

### Note and Comment

**WATCHFUL WAITING!** Members of the Gideons in Ingersoll, Ont., placed a Bible in the CNR waiting room. It vanished. They placed a second. It vanished too. They have a third available but in the meantime have put up the following note: "Whoever stole our Bibles please return. There are others who may want to learn that 'thou shalt not steal.'" —The Toronto Star.

### The Bible Today

Ye shall not add unto the word which I command you, neither shall ye diminish ought from it. —Deuteronomy 4:2.

## How to Loaf for a Living

By T. W. Pue

Living without having to work is a dream that has excited humans throughout the ages. I always have maintained that I prefer the newspaper business to working for a living, yet will gladly exchange any day this desk for a boat and this typewriter for a rod and reel.

As a boy I used to spend a great deal of time on the farm, and can say I did my share of chores around the milk house, chicken house and barns. Seems, though, that I was born 25 years too soon because, according to a pamphlet put out by the Canadian Bank of Commerce, a lot of this work was and is unnecessary and may actually be harmful—to the cows—of all people!

T. W. PUE

#### BARN WITHOUT STALLS

The newest idea in barns is not to have partitions or stalls in the cowshed. You don't build an expensive hay loft. You don't have to keep your cows locked by their necks and heads in stanchions. You don't carry the feed and water to the cows. You don't walk over to the cow to milk her. Work is eliminated from winter care of cows. Instead you let your milk cows roam the interior of the barn at will. When you give them feed you simply drop a bale or two of hay or other feed inside the door and let Bossie come and get it. Water is provided in one end of the barn in a trough just like you provide in summer in the barnyard.

The Bank of Commerce says that cows lead happier, more contented lives when they are not regimented into stalls and stanchions. Besides, what of yourself? You can spend the time loafing except at milking time. Then, you simply have the milk cows walk into the milking shed attached to the barn, and one by one they walk up to the automatic milking machine, patiently wait until the machine does its job, and walk back to the main portion of the barn. No longer do you have to carry the machine to the cows, they come to where the machine is.

#### SEMI-ANNUAL FERTILIZER DAYS

Not more than twice a year you clamber aboard the tractor with the automatic loader and "excavate" the production of manure from the barn. No more daily "barn cleanings" for you!

Here's what the Michigan report says: "To handle dairy cattle in a pen-type barn requires that one provide six separate and distinct areas. These are: (1) a milk house, (2) a milking parlor, (3) a 'lounging area,' (4) a feeding area, (5) an area for freshening cows and young calves, and (6) an area for young stock. The last two of these may be in a building separate from the dairy herd."

The pen-type barn should be provided with open exposure to the south or east and the doors should be kept open at all times. The cows should be fed in a paved area outside of the lounging area, and hay should be kept in front of them at all times. If silage is included in the feeding program, it should be fed to them once a day only. The cows should be grazed while they are being milked. Unless the requirements are acceptable one should not attempt to employ loose housing for the dairy herd. If the system is accepted along with the practices necessary to make it work, the authors feel that the advantages far outweigh the disadvantages.

You can see there is nothing revolutionary about this system except that it saves a lot of work. You can fill a self-feeder two or three times a week, thus bringing the cattle to the feed instead of bringing feed to the cattle every day. And you milk in the milking parlor, instead of carrying milk from the stalls to the milk house.

There are other advantages too. You can increase your herd without remodeling the barn. You don't have to clean out the barn every day, cleaning is only done once or twice a year. You get more and better manure for your soil. Costly items such as stanchions, insulation, ventilation, and individual drinking cups are not necessary. The report also found there was less teat, udder and leg injury.

One of the most important factors is that a stanchion-type barn must be built warmly enough to keep a temperature around 45 to 50 degrees in winter. With a loafing barn, cattle must be allowed to run loose. But there is no evidence to indicate that warm quarters are necessary for high production. In loafing barns cattle get more exercise and have a better appetite for roughage.

You can easily get details on the layout and construction of loose housing barns. Consult the extension services department of your provincial department of agriculture or the engineering department at your nearest agricultural college.

Since pen-type barns are cold housing, construction can be cheaper. In fact, some new barns are being built without a masonry foundation. These are "pole barns," supported on a number of large poles, like telegraph poles, sunk five feet into the ground. Some idea like this may have to be adopted to bring down the cost of new farm buildings.

## THE LIGHTER SIDE

### Practical Illustration

A youngster asked his father how wars began.

"Well," said the father, "suppose America quarreled with England and—"

"But," interrupted the mother, "America mustn't quarrel with England."

"I know," he answered, "but I am taking a hypothetical instance."

"You are misleading the child," said the mother.

"No, I am not," he answered.

"Yes, you are."

"I tell you I am not! It's outrageous!"

"All right, dad," said the boy, "don't get excited, I think I know how wars begin."

### Feminine Logic

Two women were having a chat and the conversation veered around to the high cost of living.

"It's really terrible how the rise in prices has affected us," said one, sadly. "Why do you know that anything for clothes this year are exactly double what they were last year?"

"Goodness," gasped the other, "I don't see how your husband can afford it."

"He can't," replied the first calmly. "But then, he couldn't afford it last year either, so what's the difference?"

### HEAVENLY HASH

Half lb. marshmallows cut in quarters (with scissors), over these pour 1 can crushed pineapple, let stand at least 3 hours. Before serving top with whipped cream and coconut, this makes a very light dessert after a big meal.

If pineapple does not contain much juice add ½ cup of sugar syrup.

Dip scissors in hot water to keep marshmallows from sticking.

## Aircraft Put Down At RCAF Base Enroute From Tennessee To Alaska

By FLORENCE E. FORSYTHE

Wednesday evening, October 29, at 6:05, a C119 packet plane, the first of 86 transport planes which landed at the Edmonton RCAF station at 30-minute intervals for a total period of 50 hours, settled down on the runway. The C119 is a member of Operation Warmwind en route from Nashville, Tenn., to Big Delta, Alaska at which point the airborne troops, 503 Regimental Combat team will land and engage in battle with the aggressors who are already stationed there.

The crew is made up of 16-18 men called up in May, 1951, at which time plans for the present airlift from Nashville to Big Delta, a distance of 8300 highway miles, were made. There are 28,000 men involved in Operation Warmwind, 4,000 of whom are members of the ground forces and 450 are air personnel. An advance party of 250 men are at Big Delta to set up survival indoctrination for the main force.

The object of Operation Warmwind is to oust the aggressors who are lodged at Eielson, Alaska, as the local forces have been unable to make an impression. The enemy poses a threat to Fairbanks, Ladd and Big Delta, consequently the American Air Force and Army airborne troops are coming to their aid. Troop carriers are transporting the 4,000 men and equipment who will move in and try to dislodge the aggressors. Operation Warmwind is expected to last 30 days.

During this 30-day period, vehicles, equipment, clothing and food rations are being given a trial as to adequacy in the event of war in the far north. The participants are, for the most part, familiar with war in other climates. Eighty-five per cent of the aircrews are vets of World War II and 60 per cent are Korean veterans. Some of the equipment which is being used, is being tested for use in Korea.

The C119 packet plane, with a wing span of 109' 3", length 86' 6" and height 26' 8", an impressive appearing masterpiece,

carries a normal load of 42 fully equipped paratroopers; however, by carrying less gas in the supply tank, the plane can carry as many as 80 passengers. They have a range of 300 km at 18,000 feet while travelling at the speed of 180 knots. For landing purposes they require a runway 3,000 feet long and have reversible props.

The Canadian army and air force also figured very efficiently into Operation Warmwind while the American troops stopped off in Edmonton for a 10-hour period during which time the Canadian army took care of them. Buses transported the men from the plane to temporary quarters where they were fed by the army and given a place to sleep. Following the ten hours of repose, army buses returned them to their waiting plane.

American personnel were enthusiastic about the reception they received from Canadians. Both hospitality and co-operation were outstanding.

Officer commanding the airlift is Col. James Daniels, of the USAF and the Alaskan commander is Major-General James Kepner. Col. Daniels, Jr., has been with the United States Air Force for 26 years.

### Edmonton Cabbies Get Rate Boost

EDMONTON — (BUP) — Cab fares in Edmonton are to take a jump.

City council Monday night approved a rate increase that will mean cab riders will pay 50 cents for the first mile instead of the present rate of 50 cents for the first mile and one-third.

## Saturday Night in Hollywood

### Coronation Day Holiday In Canada

OTTAWA — Coronation Day, June 21, 1953, is going to be a public holiday in Canada. Government officials said they will make an official announcement soon in the Canada Gazette.

and tackled his five month old pup.

The pup has endeared himself by his activities for seeing danger and trying in his way to inform them, and it was felt by the family they had a priceless dog coming up. Much to their disappointment they found his mutilated body which had been ravished by coyotes.

Many likewise reports have been made on sheep and lambs this fall and it seems all who can shoot, should organize a coyote hunt or be on the watch for them.

## AMA Wants Action To Cut Taxes On Cars

EDMONTON — H. E. Chauncey of Calgary, president of the Alberta Motor Association, said here that action by the provincial board to deal with high Federal taxation on motor cars will be proposed at the annual meeting of the AMA here November 22.

Mr. Chauncey addressed the annual meeting of the Edmonton branch AMA.

"Last year the Dominion Government took \$144,000,000 out of the pockets of the purchasers of new cars," he said.

The AMA president said that in 1939 the average U.S. tax on a motor car was \$22 while in Canada it was \$65. Last year the average U.S. tax was \$131, while in Canada the tax was \$515 until it was reduced in the last Federal budget to \$368.

The meeting approved several resolutions. One urged that a program of high school driver-training inaugurated at an Edmonton school be expanded to embrace all high schools in the province, and that credits towards a diploma be authorized in respect of such training.

Another recommended the AMA request the Alberta Government to apply motor vehicle inspections not only to passenger cars as at present but to all motor vehicles.

Another recommends the provincial Highways Department be asked to erect highway markers at historic and scenic sites throughout Alberta.

## Surprise Party Honors Parents

GIBBONS — A surprise party honoring their parents, Mr. and Mrs. A. Malo was staged by their 11 sons and daughters on Sunday, Nov. 2 when they were presented with train tickets for a return trip to Vancouver, and Vancouver Island points at a gathering at their home.

Mr. and Mrs. Malo Sr., taken completely by surprise, are looking forward to their coast trip — their first visit there for a number of years.

Also present were four great, great grandchildren.

## Letter to the Editor

Bon Accord, Alta.

Dear Sirs—I would be grateful if you could insert this letter in your most excellent paper the Edmonton Sun.

I would like to air a grievance which I feel many other residents of the Bon Accord district must share with me.

At a recent concert in the Bon Accord hall an excellent program was presented.

Unfortunately it was marred to a great degree by the rowdy behaviour of the children who occupied the front seats. Many were walking around during the performance, others tumbled and played on the floor, while older boys fought, joked and talked during the entire evening.

Of course it is the parents fault and I am afraid our Canadian youth is sadly lacking in discipline.

However as we cannot educate the parents into keeping control of their children, we should at least keep them in hand at a public performance such as the other night.

Therefore I would suggest that the sponsors of the concert should post at least two officials at the front of the hall and if (as on the night mentioned the chairman's warnings and reprimands are not heeded and if the parents fail to come forward and remove their child, then the officials should take it in their hands to do so.

Remove them down to the basement and keep them there where they are not annoying the artists who so generously give their time and efforts, and the audience who pay for the privilege of hearing the program.

(Sgd.) Frustrated Concertgoer.

## Wheatland School Division No. 40

### NOTICE OF

# ANNUAL MEETINGS

## for All Sub-Divisions

Take notice that Annual Meetings of Electors of all Subdivisions of this School Division will be held as indicated below:

Sub-Division No.	PLACE	DATE	TIME
1	STRATHMORE—LEGION HALL	Dec. 10, '52	2 p.m.
2	KATHYRN SCHOOL	Dec. 12, '52	2 p.m.
(N) 3	BEISEKER SCHOOL	Dec. 9, '52	2 p.m.
4	ACME COMMUNITY HALL	Dec. 8, '52	2 p.m.
(N) 5	STANDARD-DANA SCHOOL	Dec. 11, '52	2 p.m.

At meetings marked (N), nominations for the office of Divisional Trustee will be received at any time prior to the hour of Four o'clock p.m. The Sub-Divisions in which Trustees are to be elected are Nos. 3 and 5.

Forms G and H to be used in making and accepting nominations, may be obtained from the Secretary of your School District, or from the undersigned.

H. C. WILLSON, Secretary-Treasurer of the Wheatland School Division No. 40, Strathmore, Alberta.

Alberta Farmers  
Again "Take It  
On The Chin"

EDMONTON—It was agreed here that farmers will pay for the increased domestic freight rates on grain in western Canada approved by the Federal Transport Board.

Roy C. Marler, president of the Alberta Federation of Agriculture, said "Alberta farmers will again take this on the chin."

Harries, economic consultant, retained by the Edmonton Chamber of Commerce, said "In my opinion, there is no question but that this increase will be paid by the farmers."

Mr. Marler and Mr. Harries said Alberta producers will be hit more than those in other western provinces.

Mr. Marler's statement said in part:

"Alberta farmers will again take this on the chin as more grain is moved longer distances in Alberta than in other provinces, particularly so when it is necessary to move feed grain from the Peace River country to other provinces in western Canada."

Young people have a hard time understanding the power and influences of money in life; so do the old folks.

## LETTERS TO LOUISA

Dear Louisa:

I am a young married woman  
with two children. I have a good  
husband who works hard but we  
seem to have so little fun. We  
can't afford help so my days are  
taken up with cleaning, cooking  
and nursing. My husband is tired  
when night comes so we listen  
to the radio a while and read or  
go on to bed. I feel as though I  
had got into a rut and am going  
around and getting nowhere.

What can I do to brighten up  
our lives?

G. R.

Answer:

Many young mothers feel just

as you do but you have no idea  
how quickly the years will pass  
and the children will be old  
enough to have their own interests  
and allow you and your husband  
to do the things you are missing  
now.

You also have on thing to be  
very thankful for. Your hus-  
band is considerate and kind for  
he doesn't leave you alone at  
night when the children keep you  
at home. Some men seem to think  
that it is the wife's business to  
care for the children while they  
are free to roam around.

You say that you listen to the  
radio and read—well, a few years  
of that won't do either of you any  
harm. Is there a drive-in theatre  
near you? If so whenever there is  
a good movie on, put the children  
in the car and let them sleep  
through it while you have a bit of  
recreation.

A plan worked out by two  
young couples, that has proved  
satisfactory is that each one takes  
care of the other's children once  
a week. This certainly does add  
 zest to living for they both look  
forward to that one free evening  
each week.

LOUISA

## \$1 for EMBARRASSING MOMENTS

The Editor will pay \$1.00 for every  
item published on "The Most Embar-  
rassing Moment of My Life." To qualify,  
items must be true, personal incidents.  
Address "Embarrassing Moments," P.O.  
Box 4368, South Edmonton.

One bright sunny morning I  
was bringing in firewood. I saw  
a car turn into the driveway and  
was positive it was my cousin. I  
couldn't see in the car because  
the sun was shining on the wind-  
shield. I made a face and shook  
a block of wood at the man in the  
car. Boy—was I embarrassed  
when a stranger stepped out of  
the car and asked if he could get  
some water.

A. B.

Wabamun, Alta.

A neighbor phoned to ask if I  
would go to the movies with her  
that evening. I ribbed that I would  
have liked to go with her, but that  
I was going visiting with Mrs.  
R—and that we were on our way  
out at that moment.

"Is that so?" snapped my neigh-  
bor. "Well, Mrs. R—is with me  
now, and I'm sure not seeing an  
apparition either!"

R. G.

## 1953 Dodge, Featuring New Styling, Now On Display Throughout Canada

Featuring completely new styling, (longer, lower, wider-looking), and providing what is claimed to be a new, smoother, steadier ride, the new 1953 Dodge Regent and Crusader models are now on display at Dodge-DeSoto dealers throughout Canada. These new Dodge models have not just been changed or "face-lifted," they're entirely new and different, according to officials of Chrysler Corporation of Canada, Limited.

There's a new, wider frame and new spring suspension that are claimed to result in a more level, road-hugging ride and greatly improved cornering ability.

Bodies are low, wider and more compact, yet there is actually more room inside than in previous models. For instance, the back seat is a full 8 inches wider—there is more head room and leg room, front and back. Long, sweeping fenders accentuate the long, low look, the rear fenders blending smoothly into the continental-type rear deck. This wider, lower rear deck permits a much wider rear deck lid and consequently increased useable trunk space.

Glass area is greatly increased with a new one-piece windshield, optically curved for minimum distortion; higher side windows and a wider wrap-around rear window. With chair-high seats allowing comfortable upright seating, this bigger glass area results in excellent vision for driver and passengers.

Some idea of the "newness" of these new Dodge models can be judged from the manufacturer's claim of 75 new design and engineering features—many of which are major changes. A few of the most important new features are: "K" type rear doors on 4-door sedans for more room entering or leaving; one-piece windshield; reduced overall height; new frame design, wider and lower; new spring position which gives additional resistance to twist; 30% more trunk capacity; belt line lowered 3½ inches allowing deeper windows; the engine has been moved forward for better ride; glove box located in centre of instrument panel; pull-type door handles; narrower "A" posts for better vision; new parking ease as overall length has been reduced.

Eight standard body colors are offered, with two metallic colors at extra cost. In addition 16 two-tone combinations are available in production at extra cost.

The following models will be available: In the Dodge Crusader line—a four-door sedan and the Suburban; in the Dodge Regent

## Young B.C. Lad Wins Eaton's National Scholarship Award

Seventeen-year-old Rudolph H. Moyer of Kelowna, B.C., was awarded the Eaton Agricultural Scholarship by Mrs. John David Eaton in the centre ring at the Royal Winter Fair Friday evening.

Competing with eight other candidates representing every province, with the exception of Newfoundland, for the award, the scholarship provides the winner with all college fees, lodging and board for a four-year course, commencing in the Fall of 1953, tenable at any Canadian Agricultural College of his choice.

The winner was selected after an interview by a representative panel of judges. The runners-up were presented with suitably engraved wrist watches.

## Wanted Edmonton Man Picked Up In Winnipeg

A man wanted for armed robbery by the Edmonton police left Winnipeg November 19th with a police escort.

George Henry Eccles, aged 19, was wanted in connection with a \$1,000 armed hold-up in Edmonton three weeks ago.

Eccles' arrest took place in a Winnipeg hotel.

line—a 4-door sedan; club coupe; the Mayfair "hard-top" and the Savoy.

## \$1 for BRIGHT SAYINGS

The Editor will pay \$1.00 for each child's saying printed. To qualify, item must be true, personal remarks of child known to the writer. Address "Bright Sayings," P.O. Box 4365, South Edmonton.

My young daughter cut her hand. I told her to come in and I would put iodine on it.

She didn't want any so I explained to her that it kills germs, so she consented.

After a while I asked how her hand was and she said "They're still kicking Mama."

Mrs. Laura Ray,  
Meanok, Alta.

## 1953 DODGE REGENT HAS LONG, LOW LINES

The new 1953 Dodge Regent 4-door sedan, reported as being new in seventy-five ways, is a lower, wider-looking car without in any way sacrificing road clearance, head room or leg room. The low sweeping line of the front fender carries straight through to the rear, accentuated by the tasteful use of chrome speed lines. The new,

modern curved, one-piece windshield and wide, wrap-around rear window, combine with knee-level seating to give driver and passengers excellent vision in all directions. Six popular body styles are available in the Regent and Crusader series in a wide variety of body colour and interior trim choices.

## Edmonton Born Producer To Stage Western Canada's First Ice Show

Bringing a wealth of managerial and production experience to Canadian Ice Fantasy of '53, Western Canada's first ice show, Roy Lisogar, Edmonton born producer and manager, has produced and managed many outstanding productions during the past years. Prior to commencing work on this show, Mr. Lisogar was on tour in the United States and South America with Theatrical Productions.

In 1940 Lisogar began producing community shows throughout the west. There was a lack of lighting, staging, props, etc., and endeavoring to overcome these disadvantages formed what is now the Canadian Ice Fantasy. Top notch skaters have to be contracted for all productions. The assistance offered by interested prominent business and show people has been a definite help in getting the show on the road.

Mr. Lisogar is well known in Edmonton business circles, associated with oil and the hotel business. He attended University in British Columbia, played semi-pro hockey with the Vancouver Lions and Seattle Bombers, and football with the Vancouver Bombers. He held the senior quarter-mile track record on the Pacific coast and in 1944 was voted Vancouver's athlete of the year.

Having a leader who has been associated with the show business nearly all his life, and with the outstanding talent contracted, Canadian Ice Fantasy of '53 should prove to be "The Production" of the year.

People tire easily when they are doing something they dislike.

## Estimate Over 100 Coyotes Killed By Cyanide Guns

MORRIS — The "Coyote Getter" programme which has now been in operation, in this municipality for a year has afforded a fair measure of control over predatory coyotes. In all a total of 85 guns and approximately 225 cartridges have been issued. Although reports on kills have been irregular an estimate of 100 coyotes killed would be conservative.

The policy as set up is designed to effect a measure of control over the coyotes which are troubling herds of sheep or cattle or flocks of poultry. Twenty men in the municipality have received the instruction and obtained the materials necessary for setting out getters. Anyone troubled by unwanted coyotes may ask any of the men so trained and equipped to set out getters in appropriate places. If necessary the Field Supervisor will make the required materials and instruction available for others.

## Ice Fantasy ...

(Continued from Page 1)

Lights, suspended above the ice, have been prepared with a modern spotlight. Large Trouper, in all colors including stroblite. There will be footlighting and indirect lighting on all scenery. Lifting music and comedy will prevail throughout the show.

Enthusiasm for this new show on skates is high. It will be the first All-Canadian Ice show produced in the West.

Advertising manager is Gordon Fraser, who has just recently joined the Canadian Ice Fantasy of '53. Advance Press and Litho-Nick Kit. Program concession by Ray Howard Agency; props and scenery designed by "Mac" McGonicle. Costumes executed by Chicago. Edmonton Costumers, and the musical score is by the cast.

The Alberta towns in which Ice Fantasy of '53 will be playing include Killam, December 9; Wainwright, 10; Vermilion, 11; Lloydminster, 12; Vegreville, 13; Barhead, 15; Camrose, 16; Red Deer, 17; Drumheller, 18; Hanna, 19; Stettler, 20; Olds, 22, and Ponoka on December 26.

## 10 Bushel Quotas At Stony Plain, Westlock

The Canadian Wheat Board has raised delivery quotas at some Alberta points, with Stony Plain and Westlock each now having been brought up to 10 bushels per seeded acre. A few points have 12 and 15 bushel quotas.

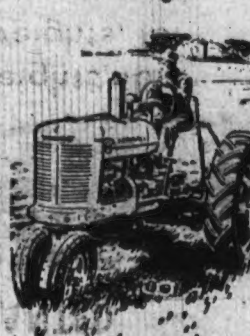

Shipments from points with more than eight-bushel quotas cannot be made without special

permission. Shipments of high grade Spring wheat, durum wheat and malting barley will be authorized only when special permits are issued.

Following points in Alberta have an eight-bushel quota: Bellis, Bittern Lake, Calahoo, Egramont, Hairy Hill, Kavanagh, Legal, Morinville, Sedgewick, Spruce

Grove, Tees, Three Hills, Two Hills, Vermilion, Villeneuve, Whitford.
